

Rele for arduino og drone

Product Code: 258aa

Stock: Opp til 1 mnd leveringstid

Price: kr. 25,00

Short Description

Effective Stable 1 Channel 5V Indicator Light LED Relay Module For Arduino GU

Description

Features:

Brand new and high quality.

High quality 5v relay.

Have relay status indicator led.

Relay control interface by single chip IO.

Low level suction close, high level release.

Specification:

Size: 5.3cm x 3cm

Net Weight: 18g

Weight: 28g

Package Included:

1 x One Channel Relay Module
