

DC 12V 200-1000RPM motor

Product Code: 355aa

Stock: 3

Price: kr. 170,00

Short Description

DC 12V 2RPM-1000RPM Powerful High Torque Electric Gear Box Motor Speed Reduction

Description

Feature:

- Compact DC Gear Box Motor Combination with 37mm diameter gearbox and has 2 terminal connectors.
- Small size DC Gear Motor with low speed, low noise and high torque.
- This motor is solidly constructed.
- Great replacement for the rusty or damaged DC motor on the machine.
- Typical applications: Vending equipments, pan camera, slot machine, money detector, coin refund devices, automatic doors, peritoneal machine, toys motor etc.

Specification:

Weight: 211g

Model: HJP37RIC

Rated power: 6-8 (W)

Product type: Brush DC motor

Rated voltage: 12 (V)

Rated current: 0.4-1 (A)

Rated speed: 150RPM/200RPM/400RPM/500RPM/550RPM/1000RPM

Rated torque: 0.05-3 (NM)

Size: 37*70 (mm)

Scope of application: Automatic control equipment

Efficiency: 60 (%)
