Motorfeste M3

Produktkode: 655aa
Tilgjengelighet: 4
Weight: 20.00g
Custom Field 5 (Location): B13

Pris: kr. 55,00

Kort beskrivelse
D8 x H8 Rubber Vibration Isolator Mounts Shock Absorber with M3 x 8mm Stud

Beskrivelse
D8 x H8 Rubber Vibration Isolator Mounts Shock Absorber with M3 x 8mm Stud

Specifications :

Product Name : Rubber Vibration Mounts

Net Weight : 8g

Material : Metal, Rubber

Color : Black, Silver Tone

Metal Surface Treatment : Plated Zinc

Rubber Size : 8 x 8mm = 5/16" x 5/16" (D*H)

Male Thread Size : M3 x 8mm / M3 x 0.31" (D x L)

Total Size : 24.5mm x 8mm / 0.96" x 0.31" (H x D)

Package Content :

4pcs x Rubber Vibration Mounts

Description:

1.Universal Design - 5/16" x 5/16" rubber mount with M3 X 8mm Studs , set of 4 pieces.

2.Durable, high durometer, resilient, anti-vibration, the metal stud is two pieces terminated and bonded within the rubber that perform better isolation than go all the way through the rubber.

3.Damping Capacity - rubber vibration isolation cushion, the rubber has large elasticity and is light and high, which plays a good buffering role and can protect the machine well for shock absorption and reduce noise.

4.They absorb vibrations caused by appliances, reduces noise and structural damage caused by these vibrations.Adapt to many kinds of motors make machine more stable supports dynamic performance and stability.

5.Rubber vibration isolator is mainly used for Fitness equipment, air conditioning, bicycle,air compressors, enginers, gasoline engines, water pumps ,Welding machine and other equipments as a damping element.
